- [Thalassemia awareness and free screening program @ Dhaka University](#)
- [ideSHi started school based awareness program on HPV Infection, Vaccination and Cervical Cancer](#)

Welcome to ideSHi

Institute for developing Science and Health initiatives was launched in 2014 with the goal to create awareness, strengthen capacity and power innovations to make Bangladesh a global leader in the field of biomedical sciences and translational research.

In the coming year, ideSHi remains committed to its focus areas, steering efforts towards – Thalassemia Screening and Awareness, HPV, Cervical Cancer Awareness, Pathogen Genomics Research, Cancer Genomics Research, Antimicrobial Resistance, Environment and Health, Inborn Errors of Metabolism and other areas related to disease control and research including Vaccine strategies.

PROJECTS & SERVICES

- [Service Agreement 4](#)
- [MGH D-43 Year 3](#)
- [Genomic epidemiology and immunodynamics of dengue infection in the context of rapidly escalating mortality rates in Bangladesh](#)
- [Transmission of ESBL E coli in humans through exposure to companion animals](#)
- [A nation wide facility based study for determination of prevalence of 'Inborn Errors of Metabolism' among high risk neonates and children in Bangladesh.](#)
- [Testing and Scaling Messaging for HPV Vaccine Uptake in Bangladesh](#)
- [Ranibizumab clinical trial](#)
- [Thalassemia Awareness and Free Carrier Screening Program](#)
- [BRCA Mutation in women with high-grade epithelial Ovarian Cancer](#)
- [CMBT Training](#)
